Student-Right-to-Know Graduation Rates

Pursuant to the federal *Student Right-to-Know Act*, on an annual basis, our school determines and makes available an overall graduation rate of diploma or degree-seeking, first-time, full-time students. In addition, our school also provides the Student-Right-to-Know **graduation rate** disaggregated by various sub-categories, as determined and defined by the U.S. Department of Education.

The Student Right-to-Know graduation rate is based on a "cohort study," meaning that a group or "cohort" of students is identified and then monitored over a period of time. The current rates are based on the group of full-time, first-time students who enrolled between September 1, 2022 and August 31, 2023. The rate represents the number of those students who earned their degree or diploma within 150% of the normal time frame as of August 31, 2025. The rate does not include students who left school to serve in the armed forces, on official church missions, or in the foreign service of the federal government. Students who died or were totally and permanently disabled also are excluded. The Student-Right-to-Know graduation rate for our school is based on data reported by the school in connection with the Integrated Postsecondary Education Data System (IPEDS) Survey.

This Student-Right-to-Know and Other Outcome Information disclosure is updated and published annually as of July 1st and is available at:

The Student Right-to-Know graduation rate is calculated at the school level. There is one rate for the entire school, not a rate for each specific program.
